

Salmon Feast

Photo Courtesy of
Aaron Hemens: Salmon Feast

The Salmon Feast is a three-day event that involves multiple activities including: ceremonies, a canoe paddle, and a salmon feast and ceremony on the Sunday.

The event upholds and celebrates the cultural traditions of the Syilx people, while drawing attention to the shared responsibility we all have to care for and protect our environment.

The Syilx Okanagan Nation continues the practice of **snxa?liwlem (honouring the sacredness of the river)** by welcoming the salmon back to the territory and fostering greater awareness of the critical issues that impact our relatives – the water and the salmon.
