Hunters

Harvest Notice

A BLUE TONGUE OUTBREAK IN A HERD OF CALIFORNIA BIG HORN SHEEP, BY GRANDFORKS, HAS BEEN CONFIRMED

IMPORTANT INFORMATION TO NOTE:

- 1 There is no evidence of risk to transmission to people
- 2 White Tail and Mule Deer may also be infected
- 3 If any sick animals are harvested please report them
- 4 It is advised that you do not consume the meat, however there is no evidence of risk from consumption

For inquiries, concerns, or to report sick wildlife please call
Addison Fosberry, ONA Wildlife Biologist (250) 300-8226
